We are excited and grateful to be included in this year's list of the "Best Doctors of 2019" in San Francisco magazine. Over 900 doctors from the Bay Area were screened for qualities such as education and experience, and this year we made the cut again. In fact, our practice has now been included in this list for **9 years in a row!** Selecting a "Top Doc" starts with peer nomination, so we are glad to see that our passion for excellence is recognized by both our patients and our fellow healthcare professionals in the Bay Area.
